Applications are due November 15, 2018.

Date, Time and Location

The 2019 Racial Equity Leadership Institute will take place on **Monday, February 25, 2019**, at the Minnesota Department of Education, 1500 Highway 36 West, Roseville, MN 55113, Conference Center B. Program Overview

This Leadership Institute is designed to empower education leadership teams who are already pursuing racial equity to further sharpen their critical consciousness and their ability to drive real, sustainable, systemic change in their organizations. Past Institute participants are especially encouraged to apply, and new leadership teams are welcome to apply provided that they already have a basic understanding of institutional racism and educational equity, and have made the commitment to take action to advance racial equity in their local setting.

The theme of this year's Racial Equity Leadership Institute is ***Overcoming Racism: Awakening, Woke, Taking Command***. The Institute will include new learning, team interaction, and individual reflection. Special features of this year's Leadership Institute will include:

- Deepening participants' understanding of their own racial identity and its implications for their leadership and decision-making. Our keynote presenters will be Dr. Keith Brooks, Chosen Path Consulting, and Kelly C. Weiley, CoAct Consulting.
- A panel of students will voice their observations of systemic racism on the ground level.
- A panel of education leaders will offer tips from their experiences with taking command in their respective settings.

- Seema Pothini, Executive Director of the National Association of Multicultural Education, Minnesota Chapter, and author of *Case Studies on Diversity and Social Justice Education*, will share the Equity Literacy Case Analysis Approach and resources.
- Each team will be assigned a FREC facilitator/consultant, who will be available before, during, and after the Leadership Institute to develop or refine your team's action plan to address challenges or a particular issue in your own local setting.
- At the end of the day, participants will leave with practical tools, a collection of contemporary case studies, and individual and collective action steps to enhance their racial equity leadership in their local setting.

Continuing education credits will be available for eligible participants. Certificates of completion will be provided to all participants.
